Once/If all of the above titles are updated, all titles will only be compatible with the Mac OS 10.4+. ALL other titles are compatible with OS 10 (not OS 8 or 9).

We only support Macintosh operating systems still supported by Apple. Therefore, we no longer support OS 7, 8, 9, and early OS 10. We only support OS 10.3 and higher.

Windows

All the titles listed *above* will NOT work on systems running Windows Vista or 7 **64-bit** editions (they will work on all other Windows, 32-bit editions). If a customer has a 64-bit edition they will need to get the upgrade once available. All other titles are compatible with 64-bit.

ALL current software titles are compatible with ALL Windows operating systems, including Windows 7. However, the following titles with older versions may still be in circulation by resellers or old customers and are not Vista/7 compatible:
