FINDING THE MATCHING FIGURE

DIRECTIONS: Match the figure in the top row to one of the figures in the bottom row. Look closely—the matching figure may be hiding.

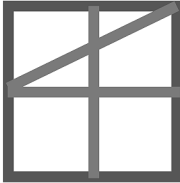

9

A B C D

Figure 9 shows a target figure: a square with an upright triangle inside, bisected by a horizontal line. Below it are four options: A (triangle with a horizontal line, but the triangle is inverted), B (triangle with a horizontal line, but the triangle is inverted and the line is at the top), C (triangle with a horizontal line, but the triangle is pointing right), and D (triangle with a horizontal line, upright and bisected).

10

A B C D

Figure 10 shows a target figure: a square divided into four quadrants by a vertical and horizontal line, with a diagonal line from the top-left to the bottom-right. Below it are four options: A (a square with a circle inside), B (a square with two diagonal lines forming an X), C (a square divided into four quadrants by a vertical and horizontal line, with a diagonal line from the bottom-left to the top-right), and D (a square divided into four quadrants by a vertical and horizontal line, with a diagonal line from the top-left to the bottom-right). The options are surrounded by a border of the letter 'E'.
