---

---

8. Draw and label the 8 internal organs you listed in the dissection activity.

9. Which organs that you labeled does the salmon have that you do not?

---

Go to <http://www.pewtrusts.org/en/multimedia/surveys-and-quizzes/2013/whats-your-shark-personality> to take the “Shark Personality Quiz.”

10. Which shark matches your personality?

---

Sharks are at the top of the marine food chain. Search the Internet for **images** of the great white shark’s food chain.

11.  On a separate piece of paper, illustrate the connection from one food source to another in the great white shark’s food chain. Include at least five food sources in the shark’s food chain.
